In place Sheltering Procedures for Food and Prescription Assistance

In the event of In Place Quarantine (the public at large has been ordered to stay home and quarantine themselves.)

Our priority is the sick and the Elderly but this applies to every Resident of the Town of Limington.

1. The Fire Department building is restricted area only those who are on duty are allowed in the building.
2. If any resident in Limington is in need of Food or Prescriptions the Town of Limington and Emergency Management have set up a way to do so. The following steps have to be followed.
   a. Food: Call Sleepers Market at 207-637-2701 or E-mail them at sleepers.limington@gmail.com Tel them what you need and make arrangements to pay.
   b. Prescriptions: Call your Pharmacy order your medications make arrangements to pay for your prescriptions, and then call the Town Hall 207-637-2171.

These are the only services we are providing at this time. There is no Contact meaning we will pick your items up at the store and at the Drive thru of the Pharmacy and drop them off at your door step.
Payment for the items have to be made with Sleepers or with the Pharmacy.

We know this is not easy on anyone and remember you are not the only one feeling or going through this, we all are and together we will get through this.

Thank you

Stan Hackett EMA Director for the Town of Limington
